WEST TENNESSEE BANK
— A Division of Decatur County Bank —

**We believe switching banks shouldn't be hard.
We're here to help with easy-to-follow instructions on how to make switching banks easier.**

Open a West TN Bank or Decatur County Bank checking account

- Stop by any of our 4 locations to open an account.

Stop using your account at your previous bank

- Allow at least 10 days for all your checks to clear.
- Destroy checks, deposit slips and debit cards.

Move your direct deposits to West TN Bank or Decatur County Bank

- Use the direct deposit forms to notify anyone making direct deposits into your account of your new account information.
- Remember to inform your employer, Social Security, other government benefit providers, retirement plans or any other payer making direct deposits into your account.

Move any automatic payments

- Use the automatic withdrawal form to notify anyone making automatic withdrawals from your account of your new account information.
- Remember to include insurance drafts, utility payments, service payments and any other payment types being deducted automatically from your account.
- If you have Internet Banking/Bill Pay at your previous bank, ensure that recurring payments are cancelled and re-entered into West TN Bank's Internet Banking/Bill Pay.

Close your old account

- After all checks have cleared, use the account closing form to notify your previous bank that you are closing your account.
- The remaining balance will be sent to you via check.

Reminder: Some of these changes can be made online with your direct deposits and automatic payments.
